

Raven Hydronic Supply Ltd is proud to announce its 2019 fundraising initiative in support of educating children in the developing world.

Raven is again partnering with Room to Read; this year's project will be in Nepal. Nearly half of Nepali people live on less than \$2 a day. Almost half of adults are illiterate and 39.6% of students drop out before graduating primary school.

Raven is excited to be returning to Nepal where we will be funding a year of education for 75 girls. Girls who finish secondary school go on to earn more, have smaller and healthier families, and more likely to educate their own children – ending the cycle of poverty.

Our Goal: To raise \$30,000 by the end of 2019

With your help we can make a difference in the lives of children and provide them with the lifelong gift of education.

Raven Supply has been a proud supporter of Room to Read since 2013. As always Raven matches every donation.

Since 2013 we have contributed over \$170,000 to Room to Read.
