

Raven Hydronic Supply Ltd is proud to announce its 2018 fundraising initiative in support of educating children in the developing world.

Raven is again partnering with Room to Read, this years project will be in Tanzania. Tanzania suffers from high levels of poverty, wide spread disease, and lack of development. Almost 90 percent of Tanzania lives on less than \$2 a day.

Raven is excited to be funding a year of education for 50 girls. Girls who finish secondary school go on to earn more, have smaller and healthier families, and more likely to educate their own children – ending the cycle of poverty.

Our Goal: To raise \$20,000 by the end of 2018

With your help we can make a difference in the lives of children and provide them with the lifelong gift of education.

Raven Supply has been a proud supporter of Room to Read since 2013. As always Raven will match each donation.

Since 2013 we have contributed over \$144,000 to Room to Read
